Burbank, California 91505-1055

Dear Ms. Yuge:

**CORRECTIVE ACTION CONSENT AGREEMENT, DOCKET HWCA: P1-98/99-002,
INTERNATIONAL LIGHT METALS, LOCKHEED MARTIN CORPORATION,
TORRANCE, CALIFORNIA
EPA ID NUMBER: CAD 030 398 622**

The Department of Toxic Substances Control (DTSC) has signed the subject document for corrective action to be performed by the Lockheed Martin Corporation (LMC) at its Torrance facility. A copy of this Corrective Action Consent Agreement is enclosed for your file.

DTSC will oversee the corrective action process required at your facility to ensure full protection of public health and the environment. DTSC will incur costs in overseeing such corrective action. State law requires DTSC to recover its costs incurred in overseeing the investigative and remedial activities.

DTSC has established a reimbursement approach which is initiated by an advance payment from LMC. As stipulated in paragraph 24.1 of the Consent Agreement, this payment amounts to a sum of \$27,856.09 which is to be received by DTSC within 30 days of the effective date of this Agreement. Payments provided by LMC will only be expended on activities directly related to this facility. An itemized invoice documenting DTSC's costs will be provided on a quarterly basis. As funding is drawn down, LMC will be required to make additional payments to cover future DTSC oversight costs. In the event that LMC's total payments exceed the amount DTSC bills for its oversight costs, the remaining balance will be refunded to LMC. DTSC will be in close coordination with LMC throughout the corrective action process and we are prepared to discuss this aspect of the program at your convenience.
